The attached is the third proposed revision of DCID 1/7 which incorporates the consensus reached by members of the Compartmentation Subcommittee/SECOM at the last meeting. This revision restructures the paragraphing to provide more clarity and distinction with respect to rules on release to Intelligence Community organizations and foreign governments. NOFORN is now back in thanks to your support.

Vote sheet action on this revision has been requested by 12 January 1979, therefore I would appreciate your comments by COB 10 January 1979.

Your comments are requested concerning the attached draft, prepared by the SECOM staff, of a proposed revision of DCID 1/7. Revision is required for compatibility with the new EO 12065 and its implementing directive. Your comments should be returned to the C/SSC by 18 December 1978.
